

Grant Review Panel Role description – Projects for Young People Grants

Overall Purpose

Heathrow Community Trust (HCT) is looking to recruit additional members to our **Projects for Young People Grant Review Panel**. The Panel meets up to four times a year and reviews between 30 and 65 applications for funding at each meeting. Panel members score applications against the funding criteria and advise on whether applicants should be funded. Recommendations from the Review Panels are then submitted to the Board of Trustees for approval. We receive many more applications from good causes than we can fund, and your expertise and judgment will help us to ensure that our funding is making the biggest positive impact it possibly can.

Main Responsibilities

- Act as 'boundary-spanner' – linking the Trust to its stakeholders, such as funding recipients, the community, other funders etc. Acting in the best interest of the charity, beneficiaries and future beneficiaries at all times.
- To be part of a pool of expertise and advice to the CEO, staff and Trustees in overseeing the implementation of the grants awarding and administration process.

Main Duties

Carry out by attending up to four Grant Review Panels per annum, at each meeting members' views on the strength of the applications are considered against the funding criteria for the grant programme. Review Panel meetings typically last 2.5 hours. Preparation for the meetings will take a minimum of 4 hours reading and scoring time.

Our Projects for Young People Grants Programme has up to 4 funding rounds a year, with each round being a single stage applications process.

Panel Meetings take place at locations across the Heathrow campus and may held at other venues in the area on occasion. This is a voluntary role, however travel expenses will be covered.

Confidentiality

All Panel Members are required to respect the confidentiality of the information they are exposed to as a result of their membership of the Grant Review Panel. All Panel Members are required to act with discretion and care in the performance of their role.

Any allegations of breaches of confidentiality will be investigated under the Complaints Procedure and could result in the removal of any Panel Member involved in such a breach.

The confidentiality requirements continue to apply after the Panel Member leaves their role.

Background:

We are looking for enthusiastic people with an interest in the future of the communities surrounding Heathrow to take on the important role of member of one of the Grant Review Panels for Heathrow Community Trust.

Heathrow Community Trust (HCT) is an independent grant-making trust providing much needed funding to communities around Heathrow airport since 1996. HCT is a small charity driven to use grant-making to empower impactful community groups, and our mission to enable communities to thrive, by having a positive impact on the lives of people in the communities surrounding Heathrow Airport.

HCT is funded from five sources – an annual donation from Heathrow Airport Ltd, donations from other companies located on the airport site, staff fundraising, passenger donations and fines made to the airlines for exceeding noise limits.

In the last two years alone, HCT has awarded nearly £1m to support a diverse range of projects, including funding those most impacted by the COVID-19 pandemic. For 2024, HCT has three grant streams – Projects for Young People, Communities Together and Environment and Sustainability. Each of these streams has distinct but interlinked criteria, focused on improving the quality of life for those involved.

These grants support groups to deliver a wide range of projects raising aspirations, enhancing the local environment, reducing isolation, and improving mental health.

HCT also have two grant streams specifically for Heathrow Airport employees: Matched Funding and HAPi (Heathrow Active People initiative). These streams enable community activities important to Heathrow employees and where they actively support.
